Hi Guys,

We've just posted an update. Here is the changelog:

=====
===== THIS WAR OF MINE - Changelog =====
=====

=====
Version 1.1.0 (26 November 2014)
=====

Features and tweaks:

- A new radio station - Vysena - featuring the music by Cool Kids of Death (Polish alternative punk rock band)
- New character setups
- Enhanced locations
- Bug fixes
- Animation improvements

Fixes and balancing:

- Fixed "Input Not Supported" bug on Windows.
- Changed fullscreen mode handling on Windows.
- Improved game stability based on crashdumps sent by players.
- "Aggro bug" fix. NPCs should no longer attack or flee without reason.
- Fixed broken trade. NPCs should no longer trade their entire stock for one item (Marketplace, Garage).
- Price changes now have an impact also on selling items to NPCs.
- Fixed an exploit that allowed players to prevent items from getting stolen during night attacks.
- Fixed a bug with getting stuck with only one initial characters group.
- Fixed a bug with incorrect shelter description when Reinforced Door was built.
- Fixed a bug with visible gendertag in shelter description.
- All achievements can now be unlocked.

Enjoy!. **Notification of the addition of European servers:**
