Technical Security Services, Inc. <http://technicalsecuritysolutionsinc.com/services/data-sanitization-services/psl-certified-shredders/>

A data destruction company based in Greensboro, North Carolina, we're the experts in data loss prevention and we offer trusted solutions for regulatory compliance and information security management consulting services to industries such as retail, finance, healthcare and government agencies like the FDA and NSA. Recognized as a leading provider of data destruction and compliance solutions, we also offer a wide range of compliance services including SAS-70 auditing. Our ISO 9001:2008 certified operations help companies manage information security risks and reduce compliance gaps. Choose from a variety of shredding options, from secure hard drive destruction to degaussing services that erase data from magnetic media before it is recycled. We're ready to help you meet your information security management objectives by providing the services you need for data protection within the physical, technical and administrative controls.
